## WELCOME

The Reiss family welcomes you to the business our family started back in 1976. Over the years we have grown in service, product lines, technology and our footprint. One thing remains the same—the trust our loyal customer base places in our family name. For more than four decades the Reiss family has delivered the products trade professionals, retail hardware stores, lumber yards, tool rental stores, landlord suppliers, home and garden outlets, paint suppliers and other related industries have counted on—with consistency in superior service.

Your business means a lot to our family and the great people we employ. We're large enough to handle your product needs, yet small enough to take the time to make sure your specific operation's requirements are met.

We're Reiss Wholesale Hardware, and we are eager to earn your trust through each and every inquiry.

## COMPANY HISTORY

Reiss Wholesale Hardware was founded as a sole proprietorship in 1976 by Paul Reiss. Paul operated the new company from a 20' x 20' storeroom on East 22nd Street, near Avenue U in Brooklyn, where he wrote, processed and then delivered all of his own orders. At that time, Reiss was only carrying imported hand tools, locks and some power tool accessories.

Reiss relocated several times in those early years to accommodate the company's growth and expanding product offerings. In 1998, Reiss launched the private label brand Tuff Stuff. Under the new Tuff Stuff label, Reiss introduced locksets and a builder's hardware program.

In 2000, Reiss moved to a 50,000 square-foot warehouse in the East New York area of Brooklyn, where we are still operating today. By 2005, Reiss expanded to occupy 66,000 square feet. We currently carry over 14,000 items (4,000 of which are private label).
